

2018/2019 ENERGY ASSISTANCE PROGRAMS

HELP WITH HOME ENERGY COSTS IS AVAILABLE

Fuel Assistance

Fuel Assistance benefits from \$105 to \$1575 may be available to homeowners or renters during the winter heating season.

Eligibility and benefit amounts are determined by GROSS household income for a 30 day period, household size, and annual heating costs. Some income is counted back 365 days.

Fuel Assistance benefits are a grant and do not have to be repaid. The Fuel Assistance Program MAY PAY a portion of your rent if the heat is included in the rent and your rent is not subsidized. Subsidized tenants who pay their own heat may qualify for a benefit.

Electric Assistance Program

Save from 8% to 76% on your monthly electric bill!

The Electric Assistance Program (EAP) provides customers of participating electric utilities with discounts on their monthly electric bill. Renters, subsidized renters and homeowners who receive an electric bill can apply for EAP.

Apply for both programs now by calling for an appointment today!

NOTE: If you don't qualify for Fuel Assistance, but are in a hardship situation, we may have other programs that could help you pay for your fuel bill or electric disconnect. **CALL US!**
