Public Hearing regarding RSA 189:68

The purpose of the hearing is for the school board to allow the use of video and/or audio recordings in school classrooms, after written consent of the teacher and the parent or legal guardian of each affected student, for the following purposes:

- Recording classes when students are absent or unable to take notes;
- Instructional or assessment support for students with disabilities and/or students needing accommodations
- Student practice work in a photography and videography course;
- Recording a speech therapy session to evaluate a student's progress;
- Creating a video presentation as part of any academic class;
- Videotaping student teachers for teacher education coursework;
- Videotaping a drama class (play) or music class for instructional purposes; and/or
- Recording an awards presentation in a class that could be posted on the school/district website.

The Hillsboro-Deering School Board does not intend this list to be all-inclusive and may be subject to change from time to time.

John Segedy questioned why this was being done. Praise was given for having a public hearing.

Jim Fedolfi asked if it was for all grades and was told yes. Mrs. Fedolfi felt there may be a lot of good in this.

Respectfully submitted,
Shelly Gardner, Board Secretary
